# INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

RECORD OF EVENTS.

On the 30<sup>th</sup> day of June 1864, the Regiment was in line of battle in front of Kennewick Ga without Company books or records. An informal Muster Roll was made out by Lieut Barnes Commanding the Company. Before the exigencies of the Campaign would allow of regular Muster rolls being made Lieut Barnes was killed in action and Lieut Champlin, took command of the Company, consequently his signature is on this Roll as Commanding Company.

are returned absent without leave. Nearly one hundred men under command of Captain Rodgers of Company E with Lieutenant Neal of F. and Lieut McCafferty of K. have been detained on military duty in Kentucky by the military authorities there, while returning to the regiment. Many officers and men are in camp of rendezvous awaiting transportation, others are on furlough granted by the commandant of Camp Chase Ohio under authority given by the Secretary of War - some are in hospitals in the northwest. Their names not being known they cannot be eliminated from the 'absent without leave', and reported in accordance with individual facts. No one is absent on furlough granted here except Lt Postwick on sick leave originally granted by General Halleck and since extended at Camp Chase. - All it is believed, were originally sent home by Dr McDougal Medical Director of the Army in the West.

RECORD OF EVENTS.

The regiment has with the 78<sup>th</sup> Ohio (comprising Col Leggett's brigade) occupied the country within 20 miles of Bolivar between S. & N. H. by unintermitting scouts, on the night of the 29<sup>th</sup> a party mounted on mules permanently detailed from both regiments to act as mounted infantry captured three mounted men, apparently a picket post. Upon an alarm next morning 35 men of the 20<sup>th</sup> with about 30 of the mule mounted squad discovered a rebel out post drove it two miles back to the main body and deploying in a single line without reserve, engaged the enemies skirmishers. field piece, and a hundred cavalry  
here came making one entire force seven  
hundred men. The enemy was so  
numerous that there was no escape from  
annihilation except in audacity.

An affair chiefly of skirmish resulted  
lasting till the middle of the afternoon. The  
enemy were foiled in an attempt to surround  
and upon the opening of the field piece when  
opportunity presented fell each behind  
rising land. Our detachment then slowly and  
with halt withdrew in order of battle to our  
picket line, without pursuit or interference,  
and they bivouacked for the night. Our  
detachment was commanded by Col  
Leggett, the enemy were commanded by  
Capt. Gen. C. F. Armstrong, and consisted  
of mounted regiments from Georgia,  
Alabama, Mississippi, Tennessee, Kentucky  
and Missouri. Genl. Armstrong com-  
manded in person in the morning Col  
Jackson acting Brigadier, commanded  
fresh troops in the afternoon. The enemies  
skirmishers were relieved three times in  
the morning. Officers and men behaved with  
audacious daring, but at no time lost their  
courage or hesitated to obey orders. Loss of 20th  
Ohio two privates killed (name and company of  
one unknown) two privates wounded - one Trooper  
of 4th being found 1st Sept was reported among the  
missing and four officers and sixty two infected  
men taken prisoners by a cavalry charge in  
overwhelming numbers while deployed in an  
open field. Considerably in advance of
